INTERNATIONAL COURSE CATALOGUE

In 2010, the University of Urbino began a project to internationalize its course offerings by promoting **courses held in languages other than Italian**, the objectives of the project being:

- to increase the level of foreign language competence of students at the University of Urbino
- to attract foreign students and researchers
- to promote the mobility of students and researchers within an international framework

Types of courses offered:

- **Course entirely taught in a foreign language**
- **Course partially taught in a foreign language**
- **Course with optional materials in a foreign language**
- **Course with online activities entirely in a foreign language**
